# HoverShot

**Ready-To-Fly 120 mm FPV Drone**

## Small in size, big on features

With everything the HoverShot has, you'll wonder how it could possibly be so compact. It has a HD 720p camera that shoots First Person View video and photos in real time* via the DroneView app. Altitude Hold makes learning to fly easier, and takes the guesswork out of exact positioning and throttle control, so you can focus on getting the "perfect shot". All this and plenty more make the HoverShot a terrific drone for indoor (and outdoor) flying fun!

*Smartphone or other mobile device required. Not included.

- Takeoffs and landings are as easy as pushing a button.
- Comes completely assembled and ready for immediate flying fun.
- Quality constructed transmitter features Center Spring Throttle and two flight modes.
- Enjoy long flight times of 7-10 minutes.
- Bright LEDs aid in orientation and night flying.

### The HoverShot includes:

- Assembled HoverShot drone
- MR101 2.4GHz transmitter with built-in phone holder
- HD 720p Wi-Fi FPV video/still camera
- 2G micro memory card
- 1S 3.7V 650mAh LiPo battery and USB charger
- (4) "AAA" batteries
- (4) extra blades
- Screwdriver
